STARES

Same Old, Same Old

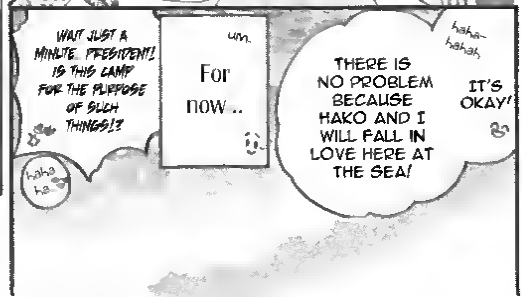
Started practicing coloring neatly with a CG program that I want to use with "Oto Mete" (as I have abbreviated Otome to Meteo)

I do not understand why it turns out so mediocre

There was trouble with the installation, and, losing things as well

To learn how it works you are given an arbitrary image of a tree and told to have fun. So I tried to color the data file but it was a failure.

I had to call the person in charge of customer service and ask why, when I chose 5cm x 5cm, I got 5mm x 5mm.



WAIT JUST A MINUTE, PRESIDENT!! IS THIS CAMP FOR THE PURPOSE OF SUCH THINGS!?
haha ha
um.
For now..
THERE IS NO PROBLEM BECAUSE HAKO AND I WILL FALL IN LOVE HERE AT THE SEA!
haha- hahah,
IT'S OKAY!

Every-one is relaxed...
Safe and sound with no problems.

ALL OF THE EARTH'S SOURCE OF LIFE COMES FROM THE SEA?
OVER A LONG TIME OF SPECIES EVOLVING, HUMANS WERE BORN.
THAT'S WHEN THIS TROUBLESOME SYSTEM OF LOVE WAS BORN.
